Notice of Fee Increase on October 1, 2004

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2004, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" because an increase in fees effective on October 1, 2004 is anticipated. See Revision of Patent Fees for Fiscal Year 2005; Proposed Rule, 69 Fed. Reg. 25861, 25863, 25864 (May 10, 2004).

The current fee schedule is accessible from WEB site (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2004 (or mailed with a certificate of mailing on or after October 1, 2004), the issue fee paid should be the fee that is required at the time the fee is paid. See Manual of Patent Examining Procedure (MPEP), Section 1306 (Eighth Edition, Rev. 2, May 2004). If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See MPEP Section 1308.01.

Effective October 1, 2004, 37 CFR 1.18 is proposed to be amended by revising paragraphs (a) through (c) to read as set forth below. As stated above, the final fee may be a different amount, and applicant should check the WEB site given above when paying the fee.

Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
- By a small entity (Sec. 1.27(a))..... \$670.00
 - By other than a small entity..... \$1,340.00
- (b) Issue fee for issuing a design patent:
- By a small entity (Sec. 1.27(a))..... \$245.00
 - By other than a small entity..... \$490.00
- (c) Issue fee for issuing a plant patent:
- By a small entity (Sec. 1.27(a))..... \$325.00
 - By other than a small entity..... \$650.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue.

Authorization for this examiner's amendment was given in a telephone interview with and an email from the applicant's attorney, Mr. Weinberg, on 08/12/2004.

2. The application has been amended as follows:

CLAIM 10 (Patent claim 1):

- Line 2: before "hoops", delete "**separate and distinct**".
- Line 3: before "hoops", delete "**separate and distinct**".
- Line 7: after "hoop", insert -- **by separate connecting members which connect adjacent vertices so that they abut one another --**.

3. The following is an examiner's statement of reasons for allowance: the claim amendment has clearly distinguished the present invention to the prior art reference.

As supported by the specification (page 5, lines 13-24) and pointed out by the applicant's attorneys, Mr. Weinberg, in the interview 08/09/2004, the terms "abut" in allowed claim 10 means "to touch" so that the adjacent vertices touch one another so as "each hoop receives support from adjacent hoops, increasing the hoop strength of the overall stent structure and minimizing the risk of plaque herniation" (specification, page 5, lines 15-18).

Claims 10-28 are allowed.

Art Unit: 3731

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Subject: Application Serial No. 10/087,320 Filed 3/1/02 Inventor: Andrew H. Cragg Attorney Docket No. BSI-030US7 Art Unit 3731

Dear Examiner Bui:

Further to our telephone conversation on August 10, 2004, we agree to modify claim 10 as you have suggested. By incorporating your suggested changes, a marked up amended claim 10 will now read as follows:

10. (Currently Amended) A stent-graft combination comprising a tubular stent having a plurality of [separate and distinct] hoops aligned adjacent one another along the axis of said tubular stent, each of said [separate and distinct] hoops comprising a plurality of elongate elements, with pairs of said elongate elements meeting one another and forming vertices axially pointing in a direction along the axis of the stent, wherein at least some of said vertices axially abut and are individually connected to oppositely pointed vertices of elongate elements of an adjacent hoop by separate connecting members which connect adjacent vertices so that they abut one another, further, including a tubular graft member disposed circumferentially adjacent the tubular stent.

Based on our telephone conversation, it is our understanding that this claim as amended above, as well as all other claims in this application, are now in condition for allowance and that you will make the above amendment by Examiner's Amendment.

We would appreciate it if you would confirm receipt of our authorization to amend claim 10 as shown above, that the amendment will place the entire application in condition for allowance, and that you will make the amendment by Examiner's Amendment.

We thank you for your patience in this case.

Very truly yours,
